Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Michael's Home, Inc., as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

As of and for the Years Ended December 31, 2016 and 2015

- (1) **Nature of Operations** - St. Michael's Home, Inc. (the "Home") is a not-for-profit corporation dedicated to the purpose of providing living facilities and services for the aged.
- (2) **Summary of Significant Accounting Policies** - The significant accounting policies followed by the Home is summarized below:

Basis of Accounting - The Home utilizes the accrual basis of accounting and report accordingly.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications - Certain amounts in the prior year presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net income

Cash and Cash Equivalents – The Home considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents

Net Resident Service Revenues – Net resident service revenues are recorded at the standard private pay rates and written down via contractual allowances to arrive at the expected net realizable amounts from residents, third-party payors, and others for room and board services provided.

The Home has agreements with third-party payors that provide payments to the Home at amounts different from its standard rates. Services provided to Medicare beneficiaries are paid under terms of a prospective payment system at predetermined rates based on clinical, diagnostic, and other factors. Services provided to Medicaid beneficiaries are paid at prospectively determined rates per day. These rates vary per a resident classification system that is based on clinical, diagnostic, and other factors, and the reimbursement methodology is subject to various limitations and prospective and retroactive adjustments. The Home is exposed to the risk of changes in Medicare and Medicaid revenues as they are subject to audit by the third-party payors and retroactive adjustment. Provisions for estimated retroactive adjustments both positive and negative has been made in the financial statements if they can be reasonably estimated.

Differences between the estimated amounts accrued and subsequent settlements are reflected during the year of settlement, in the statement of operations as adjustments to net patient service revenues. Medicaid cost reports, which serve as the basis for final settlement, remain open for audit and settlement.

Accounts Receivable and Bad Debts – Accounts receivable represents net realizable amounts due from private and third-party payors for amounts billed to residents for services provided. Accounts receivable are stated at the amount the Home expects to collect. The Home provides an allowance for doubtful accounts equal to the estimated uncollectible amounts. The Home's estimate is based on historical collection experience and a review of the status of resident accounts receivable. It is reasonably possible that the Home's estimate of the allowance for doubtful accounts will change.

NOTES TO FINANCIAL STATEMENTS

As of and for the Years Ended December 31, 2016 and 2015

(2) Summary of Significant Accounting Policies (continued)

Investments - Investments are stated at fair value based upon quoted market prices (level 1), if available. Investment income is recognized when earned and is reported as an increase in unrestricted, temporarily restricted, or permanently restricted net assets. Gains and losses, both realized and unrealized are reported in the statement of activities as changes in unrestricted net assets unless their use is restricted, temporarily or permanently, by donor or law. Realized and unrealized losses on investments may be netted against realized and unrealized gains. Contributed investments are valued at their fair market value on the date received.

Property and Equipment – Property and equipment is recorded at cost and includes expenditures for additions and improvements that extend the useful lives of the building and equipment. Expenditures for maintenance and repairs are charged to expense as incurred. Upon retirement or disposal, the related costs and accumulated depreciation are reduced by the carrying amounts. Gains or losses on these transactions are included in income or expense as incurred. Property and equipment is depreciated using the straight-line method over their estimated useful lives.

Deferred Financing Fees – Deferred financing fees are recorded at cost and is comprised of all mortgage related closing costs. Deferred financing fees are amortized using the straight-line method over the life of the mortgage. Deferred financing fees are presented in the balance sheet as a reduction of long-term debt.

Long-Lived Assets – Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the asset not be recoverable. If the sum of the future cash flows (undiscounted and without interest charges) expected to result from the use of the intangible asset and its eventual disposition is less than the carrying amount of the asset, an impairment loss is recognized to the extent the carrying amount of the asset exceeds its fair value.

Net Assets - Net assets of the Home consist of the following:

Unrestricted - These net assets are those that have no restrictions and are available for general obligations of the Home.

Temporarily Restricted - These net assets are restricted by donors to be used for some specific purpose.

Permanently Restricted - These net assets are permanently restricted by donors and cannot be used by the Home. Income and capital gains may or may not be used depending on the donor/endowment agreement.

Contributions and Pledges - Contributions and pledges are recorded as revenue when either unsolicited cash is received or the year in which the donors promise to give becomes due and collectible. Contributions and pledges are classified as either, unrestricted, temporarily restricted or permanently restricted revenue based upon donor imposed restrictions. Pledges are recognized in the year in which they become due and collectible.

In addition, certain trusts have a required minimum distribution to both the Home and others. Both trust agreements provide that a portion of the trust assets becomes available to the Home after a specified period of time. The Home values such trusts at their fair market value. It is at least reasonably possible that such values could change in the future based upon market fluctuations.
